INTRODUCING 'FAIRWAY' OUR COOL ELECTRIC GOLF SCOOTER

There's no doubt that the last couple of years have proved challenging to many businesses, including of course, golf clubs. Now things are more or less back to normal you're probably looking for new and innovative ways to inject a little more fun and excitement into a round of golf.

The Tubby Tyre Scooter Company is introducing its new 'Fairway' Special Edition golf scooter designed and engineered with the golfer in mind. Renowned for selling the UK's coolest road-legal electric scooters, we have developed a 3-wheel version with a specification that will appeal to golf clubs and golfers alike.

The scooters are amazingly easy to use with a simple twist-and-go throttle allowing your golfing guests to enjoy their round of golf in even more comfort, with that added excitement. The scooters will add very little wear to the course as the three oversized 'Tubby' tyres spread the scooter's weight over a wide area. And being fully electric, our scooters are also environmentally friendly.

The 'Fairway' Edition has a generous specification and includes a water bottle holder, a mobile phone holder, a USB phone charging socket, a scorecard and pencil holder, a refrigerated cool box, a GPS security tracker and of course, a sturdy golf bag holder. The scooter is powered by a 2000W motor, it also has 2 batteries ensuring it is more than capable of two rounds of the course between charges.

If you'd like, we can also build the scooters using your branding and colours to make them really inclusive to your club and we'll deliver them free of charge. We also include a 12-month warranty and 12-months free servicing.

We'd love to see you take a fleet of our scooters for your golfing guests to rent from you. Depending on your rental price, you'll recover your investment in a relatively short period and following this, all subsequent rental revenues will be pure profit for your club. On the reverse of this letter are a couple of examples of how this might work for you.

Please find enclosed our 'Fairway' Edition brochure describing more of the scooter's features. Also please visit our website - www.tubby-tyre-scooter-company.co.uk - for more information about the range and other options we offer.

We'd be pleased to have the opportunity to come and discuss this proposition with you and give you a demonstration and test ride.

If you're interested, please contact us by email or on the phone number shown, and we look forward to hearing from you soon.

Best Regards,

Steve Mirfin - Director

EXCLUSIVE OFFER

INVESTMENT EXAMPLES

Buy a package of 'Fairway' Edition electric scooters as shown in the first column, and rent them out for varying amounts per round.

*The number of rounds per week assumes 1 round per weekday per scooter and 2 rounds per weekend day per scooter.

Save on the per scooter price by increasing the size of the package.

Number of Scooters in Package	Price Per Scooter	Total Investment	Rental Price Per Round	Rounds Per Week*	Revenue Per Week	Weeks to Recover Investment	Months to Recover Investment
1	£ 2,795.00	£ 2,795.00	£ 20.00	9	£ 180.00	16	3.6
1	£ 2,795.00	£ 2,795.00	£ 25.00	9	£ 225.00	12	2.9
